

SATISH KUMAR

FULL STACK DEVELOPER

Delhi, India | +91 8851421636 | business.satish01@gmail.com | linkedin.com/in/satishk2024 | github.com/satishk2022

SUMMARY

Full Stack Developer with 2+ years of experience building scalable, high-performance web applications using the MERN stack. Skilled in developing responsive frontends, robust backend APIs, and integrating Web3 features. Strong focus on clean architecture, performance optimization, and delivering seamless user experiences in Agile environments.

PROFESSIONAL EXPERIENCE

StarX AI Technology , Full Stack Developer

Apr 2025 - Present

- Developed and deployed scalable full-stack web and mobile applications using React.js, Node.js, and MongoDB
- Implemented Web3 functionalities including wallet-based authentication and blockchain integration using Ethers.js
- Designed and built role-based admin dashboards, improving data visibility and operational efficiency
- Optimized backend performance by refining database queries and implementing caching (Redis), reducing response time
- Containerized applications using Docker and managed deployments with CI/CD pipelines, ensuring zero-downtime releases

Asha Tech , Full Stack Developer

May 2024 - Apr 2025

- Built and maintained full-stack applications using React.js, Redux, Node.js, Express.js, and MySQL
- Developed RESTful APIs and optimized backend logic, improving application performance and scalability
- Implemented secure authentication using JWT (JSON Web Tokens) and role-based access control
- Enhanced frontend performance and responsiveness, delivering improved cross-device user experience
- Participated in Agile development cycles, accelerating feature delivery and improving team productivity

PROJECTS

StarX Social Pilot

[Live link](#)

Tech Stack: Node.js, Express.js, MongoDB, Next.js, Redux, Tailwind CSS, Redis, Docker

- Built a scalable full-stack MERN application for managing and publishing blogs across multiple platforms with centralized control
- Developed RESTful APIs for content management, scheduling, and multi-site publishing
- Integrated AI-powered content generation to assist users in drafting and optimizing blog posts
- Optimized performance using Redis caching and efficient database queries
- Designed a responsive admin dashboard for managing blogs, users, and ad-banner configurations
- Containerized and deployed the application using Docker and CI/CD pipelines for reliable, zero-downtime releases

Peggy The Deadpool Coin (PDPD)

[Live link](#)

Tech Stack: Next.js, Tailwind CSS, MongoDB, FastAPI, Docker

- Developed a high-performance presale platform for a Web3 meme coin, ensuring fast and responsive user experience
- Built dynamic UI sections including tokenomics, roadmap, and presale dashboard using Next.js
- Designed modern, engaging UI/UX with animations and smooth interactions to increase user engagement
- Developed backend services using FastAPI for handling presale data and user interactions
- Optimized frontend performance using SSR (Server-Side Rendering) and efficient asset loading

Moraj Enterprises

[Live link](#)

Tech Stack: Next.js, Node.js, MongoDB, Tailwind CSS

- Developed and deployed a full-stack business website for a workforce solutions company, enabling seamless interaction between employers and job seekers
- Built dynamic pages for services, job listings, and company information, improving content accessibility and user engagement
- Implemented contact form and email integration for real-time inquiry handling and lead generation
- Developed job posting and management functionality, allowing admins to publish and manage openings efficiently

TECHNICAL SKILLS

- Frontend:** JavaScript, TypeScript, React.js, Next.js, Redux, Redux-Saga, Tailwind CSS, React Native.
- Backend:** Node.js, Express.js, FastAPI, RESTful APIs, Microservices Architecture, MongoDB, MySQL, Redis
- Blockchain & Web3:** Smart Contract Integration, Wallet Authentication, Ethers.js, Web3.js
- DevOps & Cloud:** Docker, Git, GitHub, CI/CD Basics, Nginx, Ngrok, Google Cloud Platform (GCP)
- Tools and Other:** Postman, API Testing, Debugging, Agile/Scrum

EDUCATION

Master of Computer Application

Indira Gandhi National Open University (IGNOU)

2025 - Present

Bachelor of Computer Application

Indira Gandhi National Open University (IGNOU)

2021 - 2024
